= Introduction: What Is MixHer?

MixHer is a national nonprofit 501(c)(3) event series dedicated to highlighting and celebrating women in music, with a special focus on rising and established female DJs. Established in Miami and rooted in community, culture, and creativity, MixHer is more than a party — it's a cultural shift.

We host exclusive, high-vibe events in cities all over that bring together DJs, music lovers, brands, and industry tastemakers for unforgettable nights of live music, connection, and culture.

= Our Mission

We're here to:

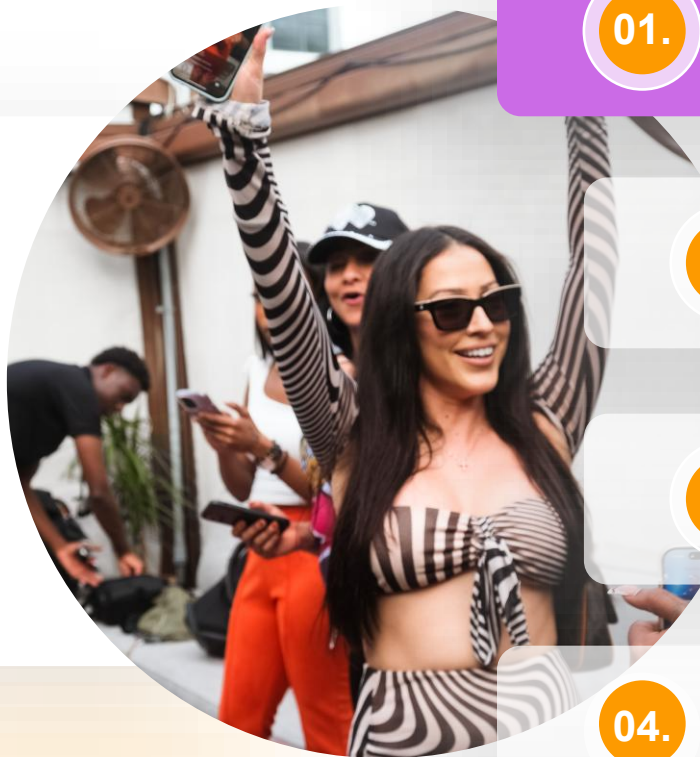

-  Elevate women in music through real, powerful performance opportunities.
-  Foster meaningful industry connections in intimate, curated settings.
-  Champion cultural change in the music scene, starting behind the decks.
-  The MixHer creates space where women not only participate, but also lead, headline, and shine.

Each event includes:
